Installation Introduction

- a. **Installation of baseplate**
If the wall is smooth and strong enough, it can be pasted on the wall or the glass directly by the 3M adhesive tape, if not, we suggest to use the screws to ensure it fixed.

- b. **Installation of the speaker**
Insert the speaker into the fixed baseplate then pull down the speaker to ensure it fixed tightly.

Note:

- When the speaker is on the wall, to insert USB or AUX in cable, we suggest to Hold the speaker from Top as the upward force (while inserting usb drive or Aux cable) may cause the speaker to get dislodged off the Base Plate and may damage the Speaker.
- If you need to dislodge the Base plate pasted on the Wall by 3M adhesive Tape, to Avoid damage to the wall, we suggest to use some alcohol solution on the Tape and then slowly tear the tape with a light force.

Technical specification

- Output power: 3W x 4
- Speaker: 64mm x 4 (46mm*86mm) x 2
- Frequency response: 80-18KHz
- S/N Ratio: ≥85dB
